

*IB MYP Individuals & Societies (Grade 7) - The Big History Project*

## Task 1 - *Comparing crisis - Micro vs Macro perspective* (Scale switching)

**The Close-up View (Micro):** What did people experience directly in their daily lives, streets, or homes during the outbreak? *(fill in the empty boxes)*

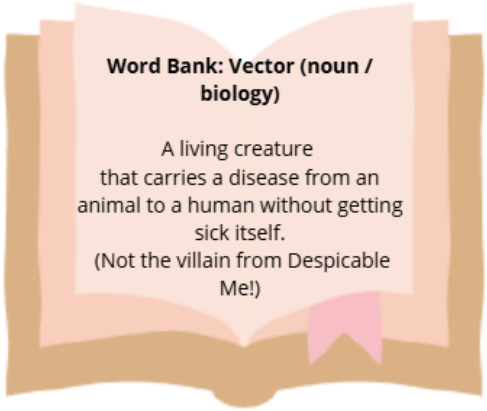

| Category | The Black Death (1347 CE) | COVID-19 Pandemic (2020 CE) |
|---|---|---|
| **How did families turn to each other inside the home?**<br><br>*(Micro-Scale Living & Household Dynamics)* | | SARS-CoV-2 (airborne coronavirus) |
| **How did it spread globally?**<br><br>*(Macro-Scale Network)* | Merchant ships & Silk Road caravans (Pax Mongolica trade routes) | |
| **How did people protect themselve?**<br><br>*(Protection & Gear)* | | Medical masks, hand sanitizer, lockdowns, vaccines |
| **How did the outbreak change where and how people worked?**<br><br>*(Economic Impact)* | | Shift to remote work/Zoom, e-commerce growth, supply chain disruptions |

## Task 1 . 2 - The Micro-Scale (Visual Diagram & Explanation)

**Draw the process how humans got the plague:**

In the box below, draw the 3-step biological path showing how the Black Death (*Yersinia pestis*) spread from animals to humans based on the presentation slide.

[ Drawing: Animal Host ➔ Vector ➔ Human ]

**Written Explanation:**

Explain in 1–2 sentences what is happening in your drawing and why this made the disease spread so quickly without people realizing it.

## Task 2 - *Human behavior VS Environment* (Claim Testing)

1. Evaluate the claim: "Human reactions to sudden crisis haven't changed in 700 years; only our technology has." Answer the reflection questions below using specific historical evidence from the lesson.

2. How did the labor shortage after the Black Death empower medieval peasants, and how is this similar to the shift toward remote work after COVID-19?

# 5-MINUTE SUMMATIVE EXIT TICKET

**What economic shift occurred in Western Europe as a direct result of the Black Death's population loss?***

A. Feudal lords lowered peasant wages because food became scarce.

B. The feudal system broke down because surviving peasants could demand higher wages.

C. Trade along the Silk Road completely ended forever.

**Final Reflection: Does history repeat itself? Answer in ONE sentence using today's lesson concepts.**

**Tear off and hand in before leaving**
